

COMMENCEMENT EXERCISES AT ROBERTS HIGH SCHOOL

HON. JAS. R. LANDRUM, OF THIS CITY, DELIVERED ADDRESS TO THE GRADUATING CLASS—A LARGE CROWD WAS PRESENT.

The commencement exercises of the Roberts High School occurred at the place last night, when an excellent program, which had been prepared by the faculty, was rendered. The closing exercises were largely attended, and greatly enjoyed by those who had the good fortune to be present.

The excellent showing made by the school reflects credit upon Prof. Tate and the entire faculty, and the manner in which the pupils rendered their respective portions of the program, showed a careful training on the part of the teachers.

The graduating class was one of the largest in the history of the institution. Hon. Jas. R. Landrum, of this city, delivered the address to the graduating class, speaking as follows:

"Master of Ceremonies, Ladies and Gentlemen, and Members of the Graduating Class of 1905:

"In accepting the invitation of the committee to address you upon the occasion, I feel deeply the honor it carries, yet fearful of my ability to do justice to the subject.

"That so many of you should have remained steadfast in your efforts to obtain an education, gives cause for congratulation, which I heartily extend to each and every one of you and also to the able teachers who have so patiently and intelligently directed your studies.

"To-night as you receive your diplomas as a testimonial of duties well performed, you step from the cloister of study, to the open chamber of life's activities. Instead of your full development being accomplished, you have simply and wisely laid the foundation upon which your future shall be build. Whether that future be a success or failure, in a very large degree depends on self. True it is that climate, environments and even birth, have their influence on every human being; and yet in spite of these facts, man is master of himself when he wills. We must have ideals and our habits must be correct. Unconsciously we are forming habits every moment of our lives. Some are habits of a desirable nature; some are those of a most undesirable nature. Some, though not so bad in themselves, are exceedingly bad in their

cumulative effects, and cause us at times much loss, much pain and anguish, while their opposite would, on the contrary, bring us peace and joy, as well as a continual increasing power.

"We have it within our power to determine at all times, what types of habit shall take form in our lives, and as we form our habits, so we build our character. 'I will be what I will be' can be said and should be said by every human soul. Then let us say this bravely, earnestly and with a determination as strong as the rock of Gibraltar. What then you ask is the force underlying the formation of habit? Is it thought? Just so surely as mind has power over matter, is thought the germ seed from which springs habit. Your every act, every conscious act—is preceded by thought. Your dominating thoughts determine your dominating action. The acts repeated crystallize themselves into the habit. The aggregate of your habits is your character. Whatever, then, you would have your acts, you must look well to the character of the thought you entertain. Whatever act you would not do—habit you would not acquire—you must look well to it that you do not entertain the type of thought that will give birth to this act, this habit.

"It is a simple psychological law that any type of thought, if entertained for a sufficient length of time will by and by reach the motor tracks of the brain and finally burst forth into action. Murder can be, and many times is, committed in this way, the same as all undesirable things are done. On the other hand, the greatest powers are grown, the most God-like characteristics are engendered, the most heroic acts are performed in the same way.

"Now, we have it entirely in our power to determine exactly what thoughts we entertain. And as we said before, acts often repeated crystallize themselves into habit, and the sum total of our habits represent our character. Like begets like. Evil thoughts beget evil acts and followed to its legitimate conclusion, we beget a bad character.

"Why gain a character for evil, when one for good is as easily attainable and is a buoy through life and in striking contrast with the weight of a bad character?

"Mind is master over all. Just as we enjoy good character as the ultimate result of pure thoughts, and bad character from evil thoughts, so our lives may be useful, energetic and powerful, or useless, lazy and weak, according as our thoughts are centered on useful or useless things, a desire to work or dream, a desire for strength or a thought that has no real purpose.

"You, my friends of the graduating class, are at that age when the formation of character is making its greatest strides. On the threshold of young manhood and lovely womanhood, you approach your new estate much better equipped by what you have accomplished as evidenced by your diplomas than many of the boys and girls of even your own generation. There rests on your shoulders therefore a greater responsibility than on theirs. There is a French proverb: 'Noblesse Oblige'—meaning nobility imposes obligation; and no nobility is greater than that which is imposed by truth upon our talents and opportunities. Then let us start from this moment to have our thoughts pure—to have them centered on things of purity, on mighty things and an ambition to excel in everything. Instead of turning to temporary ease and comfort of light literature, continue to cultivate your mind with rich thoughts from the storehouses of literature. Your education is only begun. One of blacksmith who could neither read or write at the age of twenty-one, and yet at his death had mastered every language of the civilized world, and was a living encyclopedia on almost every subject. But he started out by becoming master of his trade, that of a blacksmith. He was faithful like the steward of old, in little things. Learn therefore, with your talents, to select your avocation for life and ever strive to be better than any one else in your particular occupation or profession. Then in deed will you be a living monument to the ability of your teachers and an example worthy of emulation by succeeding generations.

"Upon each of you, I hope to see the crown of success, and may the gardener of Magic strew your paths with flowers of happiness, prosperity and contentment."

C. OF G. OFFICIALS WERE HERE

MADE TRIP THROUGH THE COUNTRY FROM ANDALUSIA TO PENSACOLA.

The president, vice-president and chief engineer of the Central of Georgia Railroad, were among the visitors to Pensacola yesterday. They arrived the night previous, after having spent three days on a journey from Andalusia to McDavid.

It was stated during the afternoon of yesterday that the officials of the big road had gone over the entire survey made many years ago between Andalusia and McDavid, covering the entire distance in a back, which was procured at Andalusia. When McDavid was reached they left the back and came to Pensacola.

FRESH RAW SHRIMP. RING HARRY BLUMER, PHONE 671. 28 April 1905

SOCIAL DISSIPATION.

A young woman from a nearby town, who was recently visiting friends in Cleveland, was taken sick at the theatre. It became necessary to call a doctor from the audience, and one promptly appeared at the manager's office to render her assistance. After learning her symptoms, he ordered her to take a Red Raven. She was sent home in her carriage. When the excitement was all over the manager said to the doctor, "I would serve Red Raven to every lady in my audience if I thought it would keep them well."

NEW POSTMASTER AT FLORALA, ALA.

The Florala News says: A few days ago dispatches in the daily papers stated that Florala had a new postmaster. This report was confirmed here yesterday. There were several applicants after the plum but Mr. Theodore S. Lanz, the popular cashier of the Bank of Florala, who did not even make application for the place carried off the honors easily. Reports are out to the effect that two different government officials have visited Florala and made reports, but we are not being on the "inside" of government affairs cannot say what the reports contained. So far as we know H. R. Duggan was giving entire satisfaction as the head of the Florala postoffice. Mr. Lanz, when asked about the matters gave out that he had not had time to consider these things as yet. He is a splendid business man and popular at home and no doubt will arrange everything in a satisfactory manner.

GO TO THE MOTHER GOOSE MARKET. LUNCH 11 A. M. TO 11 P. M. BLOUNT-WATSON BUILDING, PALAFOX ST.

REMAINS OF WALTER MANN LAID TO REST YESTERDAY.

The remains of Walter L. Mann, who was killed Thursday morning, were placed at rest yesterday afternoon in St. Michael's cemetery, the funeral cortege leaving the family residence on West Government street at 3:30 o'clock in the afternoon and proceeding to St. Michael's church, where the services were conducted by Rev. Father Furlfultion. A large number of sorrowing friends and relatives attended the services, and paid their last sad tribute of respect. Many handsome floral tributes were presented by the friends of the deceased and were placed upon the grave.

NOTICE TO THE PUBLIC. It has come to my attention that certain parties were soliciting patronage by intimating that they were connected with, or operating, the Merchant's Transfer Co. I want it distinctly understood that I am the sole owner of the Merchant's Transfer Co., and that I am in no way, shape or form connected with any other transfer company in Pensacola. THOR. B. THORSEN.

THREE EXCURSIONS WILL ARRIVE HERE TO-MORROW.

Three special excursion trains will arrive in the city Sunday morning, the visitors coming to the city for the purpose of seeing the combined North Atlantic fleet, which is to depart at an early date for other points. Mobile and two from Montgomery and Birmingham. It is expected that as this is the last excursion to see the ships the crowds will be exceedingly large, and will number several thousand.

THE PEOPLE ALL

In Chorus Grief, Give Us Newbro's Herpicide. This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now, "Herpes" is the familiar name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching, scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. For sale by W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox. Send 10 cents in stamps for sample to The Herpicide Company, Detroit, Mich.

DAILY EXCURSIONS

Captain Bennie Edmundson will run daily excursions to the Life Saving Station, Santa Rosa Sound and other points of interest, leaving city wharf at 9:30 in the morning and 3 o'clock in the afternoon.

Launches—Cupid, Robt. L. E. Nancy and Edna S., will make the runs.

CAPT. BENNIE EDMUNDSON, OWNER. PHONE 204.

Noted Inventor of the Wireless Telegraph

CARICATURE SKETCH OF LEE DEFOREST. Lee DeForest is the inventor of the DeForest system of wireless telegraphy. It is not generally known that this system is in operation between Chicago, Kansas City, St. Louis, Cleveland and other places in the middle west.

REV. J. M. DANNELLY TO VISIT PENSACOLA

IS EXPECTED TO ARRIVE THIS AFTERNOON AND WILL PAY BRIEF VISIT TO HIS FRIENDS HERE.

The friends of Rev. J. M. Dannelly, former pastor the Palafox Street M. E. Church, are anticipating with much pleasure the visit, which that gentleman is expected to make in Pensacola for the coming three or four days. Rev. Mr. Dannelly will arrive on the 4 o'clock train this afternoon and a number of his friends will no doubt be present at the depot to greet him. He will be the guest while here of Rev. R. C. Glenn, A. M. McMillan, F. E. Brawner and others.

GO TO THE MOTHER GOOSE MARKET. LUNCH 11 A. M. TO 11 P. M. BLOUNT-WATSON BUILDING, PALAFOX ST.

ROBINSON IS A CANDIDATE

ANNOUNCES HIMSELF THIS MORNING FOR THE OFFICE OF MAYOR OF PENSACOLA.

An announcement of more than ordinary interest is made this morning by the issue of The Journal, that of Rix M. Robinson for the office of mayor in the general election of June 6.

Mr. Robinson is a reputation and held the office of postmaster in the city for a number of years, having succeeded by Wm. H. Northup, a present incumbent.

Mr. Robinson is well known in the city, where he has long been engaged in business, and will no doubt poll a good vote among the republicans and independents in the coming election.

SOLDIERS LEAVE FOR MANASSAS

EIGHT CARS FILLED WITH THEM LEFT THE CITY ON A SPECIAL LAST NIGHT.

Eight Pullman cars and three baggage cars, made up a special train which left the city last night at midnight for Manassas. The cars were filled with officers and men of the Seventh, Fifteenth and Twenty-Second Companies of Coast Artillery, stationed at Fort Barrancas.

Early yesterday afternoon the cars were sent down to Fort Barrancas over the dummy line, and about 10 o'clock last night the first section arrived in the city. The calls of the bugles and the hurrahs and cheers of the artillerymen attracted a large crowd of spectators to the dummy line. None of the men were allowed to leave the coaches, as there were guards stationed at each door.

The men were all in fine spirits over their prospective trip, and cheered lustily when the train left the union depot about midnight.

It is probable that the three companies will be absent for about two months. A number of ladies, wives of the officers, accompanied the party to Manassas.

DREDGE NEARING COMPLETION

THE CAUCUS SHOULD BE READY FOR TRIP SOUTH SOME TIME DURING MONTH OF JUNE.

At the present rate at which the builders are working the big dredge Caucis, which has been under construction at Sparrow's Point for several months, will be ready to start on the voyage south about June 15, provided there are no further delays in construction.

On April 1, the report of the contractors showed that the vessel was 92-10 per cent. completed, and at this rate she can easily be finished on or before the 15th of June. The vessel is one of the largest and finest dredges constructed in a number of years, and contains every modern convenience.

Captain Frank M. Dunn will command the dredge after she is placed in commission and will bring her to Pensacola from Sparrow's Point.

No matter what kind you have been using just try Blue Ribbon Lemon and Vanilla Extracts. Your money back if they fail to please.

A Case of It

Many More Like It in Pensacola.

The following case is but one of many similar occurring daily in Pensacola. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence:

Mrs. A. Cummings, of 402 West Independence street, says: "I must say that Doan's Kidney Pills, which I purchased at Sidney Kahn's drug store, No. 9 South Palafox street, are a reliable remedy. My kidneys have bothered me for a great many years. There was a tired feeling about me all the time and any exertion used me up entirely. My back pained me so at times that I could not rise from a chair without assistance. An old friend of mine recommended Doan's Kidney Pills to me years ago as they had cured him of a serious kidney complaint. I neglected getting a box from time to time, but finally when I saw them advertised in the New Orleans Item I started to use them, and they proved to be a splendid remedy. I have used some five or six boxes and they have corrected the kidney trouble, and the tired, worn out feeling which existed all the time disappeared and my back does not ache as it formerly did. I have recommended Doan's Kidney Pills to several and know others who have used them with the most satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other. Takes the burn out; heals the wound; cures the pain. Dr. Thomas's Electric Oil, the household remedy.
